

BATTLE IS TO A FINISH

Opponents in the Metal Trades Strike Have Thrown Away the Scabbard.

QUESTION OF FAITH IS INVOLVED

Each Party Charging Its Violation of the Other—Chicago Woodworkers Quit Work.

Toronto, Ont., June 10.—Regarding the fixing of a date upon which railway corporations will be asked to sign a paper granting the machinists a nine-hour work day with 12½ per cent. increase in wages, President O'Connell said last evening that the matter has practically been disposed of by the convention. A resolution approving of such action has already been passed, and the fixing of a day has been referred to the executive committee and will afterward be submitted to a vote of the association. At any rate, the date will be some time in the future, as the machinists are finding the present strike costly and have no desire to borrow fresh trouble. No further developments are expected in the strike until after the meeting of manufacturers in New York on June 11.

Accepts the Employers' Challenge.
Following is a resolution of the machinists' convention, in session here, adopted Saturday relative to the strike now on hand: "After due consideration we accept the challenge of the National Metal Trades association, and in accepting this declaration of war we cheerfully pick up the gauntlet and hurl back defiance. We never will accept any modification of our demands or resume labor until the cause for which we struggle is triumphant and a shorter work day is an accomplished fact."

No More Union for the Bosses.
In a few days the National Metal Trades association will meet to turn its organization into an army of defense against what it terms the unreasonable, unfair and unwholesome attempts of the workingmen to dictate to manufacturers. Absolute refusal to treat with labor unions as such will be the slogan of the Metal Trades association.

Bad Faith Charged on Both.
Each side accuses the other of bad faith, of a deliberate attempt to secure an unfair advantage and of conspiracy to breed trouble between the organizations. The bad faith charge is the more important, for it involves the question: What is the value of a contract between employers and employees? And that involves practically the morale of the whole country. One of the parties has violated a written agreement that was heralded by the press as one of the greatest forward steps ever taken by capital and labor in the settlement of their disputes.

Chicago Woodworkers to Strike.
Chicago, June 10.—Members of the Amalgamated Woodworkers' Union, who are employed in the saloon, store and office fixture manufacturers, at a meeting last night decided to go on strike July 1 if their demand for a minimum scale of wages of 25 cents an hour and a nine-hour day shall not be granted. The manufacturers submitted a proposition to the union making the wages for cabinet makers and machine hands \$2, and for finishers \$1.80, for nine hours. The men claim that this is a reduction of 10 per cent. on last year's scale, and if necessary they will strike. About 2,000 men are affected.

NOTHING TO IT SAYS CULLOM

When Mason Says the Senior Illinois Senator Has Presidential Chances.

Chicago, June 10.—Senators Cullom and Mason discussed federal appointments for a couple of hours Saturday. Mason incidentally boomed Cullom for the presidential nomination in 1904. "It is practically certain that our candidate next time must come from the middle west," Mason argued. "Ohio cannot have it again. If we stand together I believe Senator Cullom's name will go before the convention as the choice of Illinois for president."

"Oh, no; there's nothing to that," Cullom said in mention of the presidential boom. "I am not a candidate for president, or anything else."

LIEUT. SPRINGER KILLED

Insurgent Filipinos in a Fight Wound Eight Other Soldiers.

Manila, June 10.—In a fight with the insurgents at Lipa, province of Batangas, Lieutenant Anton Springer, of the Twenty-first infantry, was killed, and Captain W. H. Wilhelm, of the same regiment; Lieutenant Fitzhugh Lee, Jr., and five enlisted men, were wounded. Lieutenant Charles P. Ramsay, of the Twenty-first infantry, was also wounded.

Republicans Politics in Iowa.

Des Moines, Ia., June 10.—Six Republican county conventions were held in Iowa Saturday. The governorship was the issue in all. Madison instructed for Conger in accordance with the result of Friday's primary election. Montgomery endorsed no candidate for governor. Clarke selected an anti-Cummins delegation without expressing a choice. Dubuque instructed for Harriman. Blackhawk selected a Harriman delegation without instructions, and Cass endorsed Herriott.

Coal Dealers Go to Buffalo.

Chicago, June 10.—After closing the business of their sixth annual convention here Saturday over 275 members of the Retail Coal Dealers' association of Illinois and Wisconsin left for a lake trip to the Buffalo exposition. The following officers were elected: President, R. C. Brown, Oshkosh, Wis.; secretary, Frank E. Lukens, Chicago.

For Cruel and Inhuman Treatment.

Sioux City, Ia., June 10.—On the grounds of cruel and inhuman treatment Mrs. Helen Francis Brown has been granted a divorce from her husband, Giles W. Brown, formerly owner of the Sioux City Milling company, and now manager of the Western Cereal company.

DR. TUTTLE IS DEAD

President of Wabash College for Thirty Years Is at Rest.

Crawfordsville, Ind., June 10.—Joseph Farrand Tuttle, D. D., who for thirty years was president of Wabash college, died Saturday afternoon from heart failure. He was confined to his bed but one week, although he had been in ill health since his retirement from the presidency in 1892. His wife and children were with him at his death.

Dr. Tuttle was born in Bloomfield, N. J. March 12, 1828. His parents moved to Ohio. At the age of 18 years he entered Marietta college, being graduated four years later. In September, 1833, he became a tutor at Marietta college, which position he held one year. In 1844 he was licensed a minister of the Presbyterian denomination. He continued preaching until his election to the presidency of Wabash college, in 1861, and the institution saw great progress during his incumbency. Dr. Tuttle resigned in 1892 and was succeeded by Dr. George S. Burroughs, of Amherst.

REMEMBERS A KINDNESS

Millionaire Mine Owner Comes to the Rescue of His Friend's Widow.

Leadville, Colo., June 10.—Winfield S. Stratton, the millionaire mine owner, of Cripple Creek, has redeemed the Matchless mine in Leadville for the widow of the late Senator Tabor. Years ago Senator Tabor advanced some money to Stratton when Stratton was a poor, struggling miner, and he never forgot it. When Tabor died he had lost almost everything, and he was vainly endeavoring to save the Matchless mine, which he always insisted still contained millions in its lower contacts, never explored.

The property was sold some months ago at sheriff's sale and final title would pass on July 4 to the new owners. Senator Tabor's widow has continued the struggle, and Stratton has now come to her assistance and will also enable her to exploit the property to greater depths.

QUEER BILL OF A DRUGGIST

He Gets \$1,950 for Taking Care of a Man's Amputated Leg.

Concord, N. H., June 10.—In the superior court A. P. Fitch, a druggist, secured a verdict of \$1,950 for preserving for ten years in alcohol the amputated leg of the late John Pearson, a wealthy resident of this city. In 1887 Pearson was attacked with a disease which caused the amputation of the leg. He turned the leg over to Fitch with the instructions to preserve it in alcohol.

Fitch followed the request, and for ten years the leg rested in a glass jar in the back office of the store. Shortly after Pearson's death three years ago, the leg was buried in the same grave as his own, and the druggist sent a bill of \$3,450 to the executors of the estate. They refused to pay the bill, with the result that Fitch brought suit and got damages.

MRS. MCKINLEY IMPROVES

Very Slowly, but Enough to Cause Hopes for Her Recovery.

Washington, June 10.—The slight improvement in Mrs. McKinley's health which manifested itself the latter part of last week, continues, and hope begins to be felt that she may, after all, recover from the present attack. The improvement, however, is so slight as not to change materially the extreme gravity of the case. Mrs. McKinley's physicians say her illness was caused by blood infection from a bone felon. While in California this was aggravated by diarrhea, which is now under control.

The principal cause of anxiety in her case since her arrival in Washington has been acute endocarditis (inflammation of the lining membrane of the heart), involving the mitral valve, the result of the same blood infection.

His Wife Soon Followed Him.

Kokomo, Ind., June 10.—E. C. Cagle, a well-known Kokomo broker, was yesterday called to the bedside of his wife, who was thought to be dying of consumption. On reaching the bed Cagle dropped to the floor a corpse, death coming suddenly from paralysis of the brain. Mrs. Cagle, who had called her husband to see her die, was herself a witness of his demise. She lived but a few hours.

Decision of Iowa Populists.

Des Moines, Ia., June 10.—The Populist state central committee has decided "in view of the probable Democratic platform, as forecasted by members of the Democratic state central committee, favoring municipal ownership of public utilities and other pressing reforms, not to call a state convention, provided the platform of the Democratic party proves satisfactory."

Struck by a Train.

Detroit, June 10.—A Detroit, Grand Haven and Milwaukee passenger train which left this city struck a wagon containing Edward Yorkey and his 12-year-old daughter about seven miles from this city. Both were so badly injured that they died. Yorkey was about 40 years of age. Their home was at Royal Oak and they were going there when struck by the train.

When the Glass Works Will Resume.

Muncie, Ind., June 10.—Local officials of the labor assembly, which controls three-fourths of the window glass blowers in the United States, announce that there will be a general resumption of all factories about Sept. 15. Workmen here are jubilant over the news.

They Don't Believe It at Rome.

Rome, June 10.—No credence is given in Vatican circles to the report circulated that the United States government intends to establish a legation at the Vatican, though this, naturally, would be very agreeable to the Vatican.

The Commoner Sells for \$15,000.

Lexington, Ky., June 10.—The Commoner, by Hanover, dam Margarine, by Algerine, formerly the property of William Wallace, has been sold to General W. H. Jackson of the Belle Meade stud, Tennessee, for \$15,000.

Plentiful Rains on the Wheat.

London, June 10.—"Plentiful rains have fallen in South Russia," says the Odessa correspondent of The Standard, "and a splendid harvest is assured."

EXPLODING COLLISION

Impact and Detonation Combine to Destroy Human Life and Property on the Rail.

DYNAMITE CAUSES THE BLOW UP

In Which Five Persons Die Horribly—Other Railway Fatalities—Storm Kills Three Oklahomans.

Binghamton, N. Y., June 10.—While a freight train on the Lackawanna was taking water at Vestal, ten miles west of here, at 9:45 p. m. Saturday it was run into from behind by a double-header wildcat freight. In the second car from the caboose of the stationary train was a large quantity of dynamite, which was exploded by the impact. Five men were killed and seven injured by the explosion. The dead are: John P. Kelly, head brakeman of wildcat train; S. R. Polhamus, conductor of freight; Elmer Polhamus, trainman of freight; John Coulter, fireman of the first engine of the wildcat; Fred Witherby, fireman of the second engine of the wildcat. Seven others, all but two of them trainmen, were injured; several thought to be fatally hurt recovered from the concussion and figure in the list of slightly hurt.

Blow One Victim 440 Yards.

The explosion completely demolished four freight cars. Much damage was done by the concussion, most of the windows in Vestal and Union, across the river from Vestal, being shattered. Binghamton's plate glass fronts did not escape, many of the largest glasses in the center of the city being broken. The shock was felt at a distance of thirty miles. All through the early morning hours the rescuers toiled about and among the burning freight cars at the scene of the explosion, but it was not until late yesterday afternoon that portions of the last dismembered body to be accounted for were discovered a quarter of a mile from where the explosion occurred.

Fatal Accident in Kansas.

Wichita, Kan., June 10.—The east-bound "Price" passenger train No. 108, which left here Saturday afternoon, was wrecked at Greenwood, a station six miles east of here, injuring ten persons, two of whom will die. The fatally injured are Mrs. H. W. Smith, of New Kirk, O. T., and Conductor E. A. Eckers. The train was going at the rate of thirty miles an hour, and at an abrupt turn near Greenwood station the dining car and a sleeper jumped the track. A range in the dining car was upset and the live coals from the range set fire to the dining car, and within thirty minutes both of the derailed cars were consumed.

FIERCE WIND PLAYS MUCH HAVOC

Kills Three Persons, Wounds Seven and Destroys Wheat on 400 Farms.

Wichita, Kan., June 10.—A correspondent who arrived here last night from the scene of storm devastation in Kay county, O. T., says that the storm of Friday night ruined the wheat crop of 400 farms west and northwest of Blackwell. These farms are all in one body of territory. The farmers, who had purchased twine and harvest machinery are asking the local dealers to take them back, and the dealers have referred the matter to the factories. The loss of crops will cause no distress, as the farmers are in good condition financially, owing to a successful crop of 1903 during the past five seasons.

The storm did not confine its havoc to inanimate things, however. Three persons were killed and a number wounded at Eddy. The storm covered a stretch of country ten miles wide and thirty-six miles long, destroying towns, farm houses and crops. The three persons killed at Eddy are: Mrs. Maude McGathery, Louis McGathery and Robert McGiffin; injured, Charles Goldsmith, skull fractured; John McBrain, leg broken; Hugh Prather, nose broken; Judd McWilliams, head crushed; Howard Hamagan, head badly crushed; Ruby Higinbotham, face crushed and internal injuries; A. D. Evans, leg broken.

The rain simply fell in torrents from early in the evening until midnight. The fury of the storm centered at about 6:30 p. m. at a point near the Kansas state line, and just on the county lines of Kay and Grant, O. T. In the little town of Eddy of twelve or fifteen buildings in the place all were leveled to the ground except the railroad station and elevator. The track of the cyclone between this point and Tonkawa, a distance of eight miles, was laid waste. Five farm houses, with barns and outbuildings, were blown away, but the occupants escaped unharmed. The tail end of the storm fell upon Tonkawa. Thirty dwellings and business houses were scattered like so much loose lumber. The citizens of the town had been watching the advance of the storm, and had sought shelter in caves and cellars. No fatalities are reported at this point.

Drowned While on Pleasure Boat.

Philadelphia, Pa., June 10.—A party of six persons—three men and three girls—while sailing on the Delaware river yesterday afternoon off North Elmsington, a few miles below this city, were thrown into the water by the swamping of their skiff during a squall, and the three girls were drowned. The names of the girls are: Rosie Koons, aged 17 years; Mary Koons, 19; Mamie Taylor, 22. The girls were guests of the Federal Boat club.

Passengers Were Lucky.

New Hampton, Ia., June 10.—Through passenger train No. 5, going north on the Chicago Great Western, was wrecked yesterday morning two miles south of here. The express, baggage and mail cars and the tender were thrown into the ditch and more or less demolished. No lives were lost.

Damaging Wind in Wisconsin.

LaCrosse, Wis., June 10.—A terrible wind storm passed over this city and vicinity yesterday afternoon, doing much damage. Several small buildings were overturned, besides lumber

HALF A MAN.

When a man is sick and can only work half the time he is practically half a man. It requires his whole physical energy to do half a man's work.

In general the weak run down condition which cuts the strength and energy in half is due to disease of the stomach and other organs of digestion and nutrition. You could not expect a half starved man to work more than half the time. The condition of the man with weak stomach is that of the half starved man. He is weak through lack of nutrition.

Dr. Pierce's Golden Medical Discovery cures diseases of the stomach and other organs of digestion and nutrition. It enables the perfect nutrition of the body and restores the strength.

"I had stomach trouble from birth," writes Mr. Willis Seaman, of Washington, D. C., "and suffered with it more or less as I grew up. At the age of 25 I was broken down with dyspepsia. My suffering was terrible. Could not eat without distress. Could only eat a few certain things and was not able to work half the time. Every thing I tried only gave me temporary relief. My wife finally persuaded me to try Dr. Pierce's Golden Medical Discovery and 'Pleasant Pellets.' I took six bottles of 'Golden Medical Discovery' and two vials of Doctor Pierce's Pleasant Pellets. I then felt so well that I stopped taking medicine. Several months have passed and I can do the hardest kind of work, can eat anything that I set before me and enjoy it. I am 27 years old and this is the first time I have ever been well."

Dr. Pierce's Pleasant Pellets cure constipation.

piles, and loose articles were blown away. The storm lasted a short time, but the damage will be heavy.

Cigarette Fiend Tries Suicide.

Chicago, June 10.—Bert McMahon, 22 years of age, crazed from the excessive use of cigarettes, shot himself Saturday. He will probably die.

STOLEN GOLD IS RECOVERED

All That the Robbers Got from the Bank at Mineral Point, Wis.

Mineral Point, Wis., June 10.—Thirteen thousand dollars more of the gold coin stolen from the First National bank on the morning of May 24 has been recovered. It was found in the earth vault of a common outhouse of the City hotel—about a block from the looted bank—at which the prisoner, Stewart Jelliff, boarded.

Detective Shipley, of St. Louis, went into the vault and dragged the treasure from its hiding place. The gold, when found, was in five bags, one containing \$9,000 and the others \$1,000 each. This find and the \$8,000 before recovered comprises all the gold missing from the bank. The balance is in currency, and the detectives hope to recover it later.

Diamond Field Records.

Chicago, June 10.—League base ball records made Saturday were as follows: At Pittsburgh—Brooklyn 7, Pittsburgh 3; at Cincinnati—New York 4, Cincinnati 6; at St. Louis—Weaver; at Chicago—Philadelphia 4, Chicago 5; (Sunday) At Chicago—Brooklyn 7, Chicago 6; at Cincinnati—New York 25, Cincinnati 13.

American League: At Baltimore—Cleveland 13, Baltimore 5; at Washington—Chicago 3, Washington 8; at Philadelphia—Detroit 1, Philadelphia 6; at Boston—Milwaukee 4, Boston 12. Western Association: At Dayton—Marion 6, Dayton 3; at Indianapolis—Fort Wayne 5, Indianapolis 7; at Columbus—Toledo 7, Columbus 5; at Louisville—Wheeling 9, Louisville 5. (Sunday) At Columbus—Toledo 6, Columbus 14; at Fort Wayne—Indianapolis 4, Fort Wayne 8; at Louisville—Wheeling 2, Louisville 8; (second game) Wheeling 4, Louisville 5; at Dayton—Marion 5, Dayton 6; (second game) Marion 9, Dayton 11.

That What He Is There For?

London, June 10.—United States Senator Beveridge, according to the St. Petersburg correspondent of The Daily Mail, will not find much difficulty in securing from the Russian government a concession for a steamship line from the United States to Vladivostok or Port Arthur.

The Fool Who Rocks the Boat.

Akron, O., June 10.—Oliver Crosier and Emil Bergdorf were drowned in Summit Lake, near this city, yesterday. They, with Michael Shay, were crossing the lake in a boat when Bergdorf began to rock it, and the frail craft upset.

John Bull Willing to Learn.

London, June 10.—Elder, Dempster & Co. offer to pay the traveling expenses of the official delegates of any British trades unions willing to go to the United States to study American trade methods.

NEWS FACTS IN OUTLINE

It is stated that the plague has broken out on the United States transport Kalinuck, in quarantine at Nagasaki.

Copper veins have been found in the hills just east of Butte, Mont.

Carnegie has turned over to the trustees the \$10,000,000 he gave to the Scotch universities.

Some of the highly civilized residents of the national capital have been desecrating the graves of the "heavenly" Chinese buried there.

The Russian minister of finance has raised the duty on United States bicycles 30 per cent.

"The Doctors told me my cough was incurable One Minute Cough Cure made me a well man." Norris Silver, North Stratford, N. H.—Because you have not found relief from a stubborn cough, don't despair, One Minute Cough Cure has cured thousands and it will cure you. Safe and sure. J. W. Hess.

Ann Arbor Barely "Got There."

Toledo, O., June 8.—Toledo, Ann Arbor and Bucyrus athletes participated in the interscholastic track meet here yesterday. Ann Arbor winning by the narrow margin of six points over Toledo.

Danger, disease and death follow neglect of the bowels. Use DeWitt's Little Early Risers to regulate them and you will add years to your life and life to your years. Easy to take, never gripe. J. W. Hess.

Fairbanks at Kansas City.

Kansas City, Mo., June 8.—The Association of Young Republicans of Missouri held its second annual banquet at the Midland hotel last night, at which Senator Fairbanks, of Indiana, was the guest of honor. The banquet was attended by more than 1,000 young Republicans.

Our Baby Boy.

The pride of our home should have proper care and during certain seasons when the air is damp, children are often taken with a severe cough that should be attended to in time. The best remedy you can use is Dr. Marshall's Lung Syrup, the children's friend. It is pleasant to the taste and can be given to the smallest child without danger. Mothers, send for Dr. Marshall's Lung Syrup and use no other. Sold by C. Reynolds.

Towne's Oil and Pipe Line Company.

Beaumont, Tex., June 8.—The Export Oil and Pipe Line company, of which ex-Senator Charles A. Towne will be manager, will have a capitalization of \$2,000,000. Governor Benton McMillin, of Tennessee, will be a director.

How to Avoid Trouble.

Now is the time to provide yourself and family with a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy. It is almost certain to be needed before the summer is over, and if procured now may save you a trip to town in the night or in your busiest season. It is everywhere admitted to be the most successful medicine in use for bowel complaints, both for children and adults. No family can afford to be without it. For sale by J. W. Hess, Druggist.

Right Kind of Wind Blowing.

London, June 8.—According to a dispatch to The Daily Mail from Simla, a favorable monsoon has started, and rains are expected everywhere in India, except in the northern portions of the Punjab.

"A few months ago, food which I ate for breakfast would not remain on my stomach for half an hour. I used one bottle of your Kodol Dyspepsia Cure and can now eat my breakfast and other meals with a relish and my food is thoroughly digested. Nothing equals Kodol Dyspepsia Cure for stomach troubles." H. S. Pitts, Arlington Tex. Kodol Dyspepsia Cure digests what you eat. J. W. Hess.

McKinley and a Third Term.

Springfield, Ill., June 8.—"I do not apprehend that President McKinley would accept the nomination of his party for a third term if it should be tendered him," said Senator Cullom yesterday.

The bilious, tired, nervous man cannot successfully compete with his healthy rival. DeWitt's Little Early Risers the famous pills for constipation will remove the cause of your troubles. J. W. Hess.

Girl Carries Off the Honors.

Olivet, Mich., June 8.—The first honors of the senior preparatory class have been awarded to Miss Persis Martin, of Olivet, Mich., a student in the classical course. C. B. Tiebout, of Louisiana, takes second honors.

Dyspepsia cannot be long lived because to live requires nourishment. Food is not nourishing until it is digested. A disordered stomach cannot digest food, it must have assistance. Kodol Dyspepsia Cure digests all kinds of food without aid from the stomach, allowing it to rest and regain its natural functions. Its elements are exactly the same as the natural digestive fluids and it simply can't help but do good. J. W. Hess.

Must Be Pretty Warm.

London, June 8.—The English censor of plays has forbidden the production of "The First Visit," an English version of the younger Dumas' "Une Visite de Noce."

Read It in His Newspaper.

George Shaub, a well known German citizen of New Lebanon, Ohio, is a constant reader of the Dayton Volkszeitung. He knows that his paper aims to advertise only the best in its columns, and when he saw Chamberlain's Pain Balm advertised therein for lame back, he did not hesitate in buying a bottle of it for his wife, who for eight weeks had suffered with most terrible pains in her back and could get no relief. He says: "After using the Pain Balm for a few days my wife said to me, 'I feel as though born anew,' and before using the entire contents of the bottle the unbearable pains had entirely vanished and she could again take up her household duties." He is very thankful and hopes that all suffering likewise will hear of her wonderful recovery. This valuable medicine is for sale by J. W. Hess, Druggist.
